

Technical Electives - 7 units

Take seven units from the approved list below that satisfy the following requirements:

- Two units must be 300-level BME courses with 100% engineering topics
- Three total units must be 100% engineering topics (the two above courses plus one more).

It is fine to combine two partial-unit 100% eng courses (ex: DSGN 240 and 321)

- Only one unit may be a graded, independent research course.
BMD_ENG 390-3 may only be taken by permission and cannot count as one of the 300-level BME courses with 100% engineering topics.

Approved courses include the following. Other courses (including BME 400-level engineering courses) may be acceptable. Please submit a curriculum petition if you wish to have a course that is not on this list considered. Submit it prior to taking the course.

Science Courses

BIOL_SCI 202
BIOL_SCI 301
CHEM 215-1 (if not used as a core course)
CHEM 215-2
CHEM 215-3
PHYSICS 135-3 (if not used as a core course)
PHYSICS 357
All Bio, Physics, and Chemistry labs

200-level engineering courses

BMD_ENG 250
BMD_ENG 271
DSGN 240 (0.5 unit)
DSGN 321 (0.5 unit)
COMP_SCI 211
COMP_SCI 214
COMP_SCI 217
MAT_SCI 201

Independent study courses

BMD_ENG 390-3
BMD_ENG 499

300-level BME courses with 100% engineering topics
